

Douglas R. Meyer, M.D.

During my residency training in Appleton, I learned the physicians at Primary Care Associates were the best in the area and I am proud to now work with them.

I chose to specialize in Family Medicine because I am a strong advocate of preventative medicine, and enjoy providing care to patients of all age groups. Working as a family physician gives me the opportunity to help patients learn about their health issues and assist them in reaching their medical, physical and emotional goals. I am very laid back with a good sense of humor; my bedside manner puts patients at ease.

Education

Medical degree:

University of Wisconsin - Madison, WI

Residency:

UW Health Fox Valley Family Practice - Appleton, WI

Board Certification:

American Board of Family Medicine

Professional Interests

Preventive care, cardiovascular medicine, and sports medicine.

Personal

I am married with two beautiful children. I enjoy running, golfing, camping, cycling, the Green Bay Packers, and watching hockey.
