

Eugene C. Rigstad, MD

A physician once told me, "always treat a patient as you would want your family member treated." I keep that in mind everyday, and consider it a privilege to be able to assist patients with their healthcare needs.

Healthcare is a team approach and I believe that the patient should be an equal partner in their healthcare decisions and goals. I try to balance the benefits of treatment versus potential risks, and am also a strong believer in prevention of disease, performing the appropriate screening tests as recommended. I focus on my patients concerns and needs in a relaxed, comforting and encouraging manner.

Education

Medical Degree:

University of Minnesota Medical School - Minneapolis, MN

Residency:

Fox Valley Family Medicine - Appleton, WI

Board Certification:

American Board of Family Medicine

Professional Interests

My professional interests include simple clinic procedures, pediatrics, mental health, and preventive medicine for all ages. I also enjoy teaching students in the healthcare profession.

Personal

I enjoy golfing, biking, fishing, and traveling with my family.
